LOVE, ACCEPTANCE & FORGIVENESS

To Whom It May Concern:

I am delighted to recommend very highly the services of Kingdom Press and its owner Craig King. We recently completed our second telephone & address book project with Kingdom Press and are very pleased with every phase of the operation as well as the quality of the finished product. Craig communicated with the business people of our congregation and our city in a very professional, ethical, and above all Christian manner.

Without any cost to the church we were able to give a copy of the book to each family that regularly attends as a church business directory and still have copies to give as a gift to our first time guests. It is not only a useful tool for their own personal use, but it also gives them information regarding various services of our church. We have received many positive comments about the quality of the book as well as the way that Craig handled himself throughout the project.

I enthusiastically recommend Craig and his company to any church that is looking for a way to implement a creative visitor program without cost to the church. He truly came through with all he promised for us. If you have any questions regarding our experience with Kingdom Press, or the way we have put this product to use, please do not hesitate to call.
