Dear Craig,

Thank you very much for the completion of your second address/telephone book for our ministry. The feedback that we have gotten from the people that sponsored ads in the address book have all been positive. It's unusual for people to go out of their way to give a compliment. It was refreshing to get so many positive comments.

Thanks again for all your hard work and the blessing that you have been to our ministry.

Sincerely,

Dennis Cockerham  
Promotions Director
