Dear Kingdom Press,

I wanted to take a moment to express my Appreciation for your service in providing a very well produced Business Directory for our Church.

The Business Directory concept has been a real asset to our business owners as well as our Church Family. I appreciate the manner in which your sales team approached our business owners. When discussing this project with our business owners, we have heard nothing but positive statements concerning their handling of the advertisement spots. Please our thanks along to your marketing team as you have the opportunity.

I also want to recognize Christians in Business for their professional demeanor. The fact that there was no cost whatsoever to the Church adds an immeasurable return in value in my opinion. The features offered our church family and business owners makes this a win-win opportunity for everyone.

The online tab from the home page to a Christian's business directory, the guest package with all the church information in hard copy, and the information for the members to use for church and for products and services, gives the businesses a way to promote themselves to the Church Family in a professional manner.

Because of the amount of sponsorship, we will be able to provide a copy to each of our households as well as providing it to all our first time guests over the next several years. The design and quality of the Business Directory takes our guest packet to a higher level.

Again, thank you for your service in providing this great free resource to our Church. It was a pleasure working with your marketing and design teams.

In His Service,

Rev. Dr. Frank V. Prestigiacomo
Executive Pastor
