“We have been blessed by the professionalism, response and results we have seen while working with Kingdom Press on our first ever church business directory. The program has required very little time on the part of our staff, which has been a huge benefit to us. The small amount of time we have invested has seen a great return. We were amazed at the business owners in our church that we didn't even know were here.

The business directory is also a great way for members to connect to one another and to get to know each other better. The directory and the detailed spreadsheet compiled by Kingdom Press are great resources in the daily operation of the church. If we need a plumber or florist, we can search our church family first, before looking elsewhere.

We had considered doing a church business directory before, but our biggest concern was the potential liability in recommending a business. Kingdom Press handled this well through disclaimers that we didn't have prior to participating in this program.

If you have ever thought of doing this, we would highly recommend Kingdom Press for getting to know the business owners in your church and utilizing it as a tool for business ministry or service ministry.”
