

“I am very excited to introduce one of Woodlands Church’s Ministry Partners, Christians in Business. Christians in Business offers strategies and resources to churches that not only connect the business community within the church, but also allow Christian consumers to find the products and services they need – right within their own church family. Woodlands Church has benefitted in a number of ways from our partnership with Christians in Business. I hope you will permit them to share with you how your church can benefit as well.”

Woodland’s Church

“Woodlands Church offers an enthusiastic endorsement of Christians in Business and the Business Directory. In partnering with our church, Christians in Business and their fine team have helped bring connectivity to our many business owners, as well as awareness to church members of the many great products and services available through our church family. I have been particularly pleased with Christians in Business’ ability to bring custom solutions to the unique challenges of ever-changing technology and marketing platforms. Our business owners are overwhelmingly satisfied with the quality and excellence of the advertisements created on their behalf, and I am very excited to see the marketplace and church family come together in such a powerful and impactful way. Thank you, Christians in Business!”
